Hi guys,

the students of IA Scienze applicate would like to introduce a project created together with the students of the class IIA Artistico.

The students of Liceo Artistico drew some cartoon characters in February. While we (IA Scienze applicate) described them and the artistic techniques.

The characters are:

Timmy Turner

Mike Wazowski

Two Manga characters

Timmy (Fifer Pig)

Tigger

Guss

Rapunzel

Sailor Moon

Pink panther

Pikachu

Stitch

Nemo

Spider-Man

We like Nemo because we are adventurous, kind and happy. We love exploring too.

The students of the class IIA Artistico used different techniques for the drawings: watercolor, pastel pencils and marker technique.

The technique of watercolor painting is very easy. You need water, a watercolor palette and paintbrushes. With a pencil draw something on a paper, then add a few drops of water into the palette and mix colours. You are ready to paint your drawing.

The pastel pencils are particularly suitable for lines, hatches and harmonious shades of color, but also for drawing large surface. Soft pastel colored pencils allow you to obtain bright tones of colors and many shades. Pastel colored pencils are very useful for artistic drawings and can also be used by both professionals and lovers of drawing.

The marker technique is very traditional and easy, but you can't cancel it. So it's better to draw with a pencil and later you can paint with the markers. The characteristics are the brightness of the colours, the sharpness and the versatility. You can apply different techniques: hatching, dots, shades. These markers were born in the United States in the 1950s to mark the various goods.

Timmy

Timmy is very short. He has got brown hair, blue eyes and his skin is white. He is wearing a pink hat, a t-shirt and a blue tracksuit.

His name is Pikachu. He is very short, he has got black eyes and yellow skin. He is like a rodent with a rounded body, short legs and a tail similar to a lightning. Pikachu is embracing Jiggly Puff. He is short, fat and has got pink skin. He has got brown eyes, a rounded body and even if it doesn't seem he is very agile.

Pikachu is very happy because he's listening to music. He is very funny, nice, kind, honest and sometimes unlucky in this world. While Jiggly Puff is very shy, funny, kind, good at singing and he is very calm, but he sometimes gets angry and becomes very strong.

Jiggly Puff is singing a fantastic melody, which makes Pikachu happy. So he can only embrace him with great love and happiness.

Walt Disney

L'idea è nata per creare una collaborazione tra due classi appartenenti ad indirizzi di studio diversi, ma accomunati dallo stesso plesso, poiché gli studenti sorridenti si salutavano davanti al cancello del plesso di Torrente Forno fino ai primi di marzo. La Didattica a Distanza ha avvicinato nuovamente le due classi terminando un lavoro ideato precedentemente.
